

Reiki
An Energy Healing Technique

is now being offered at the Breast Center at Sunrise.

A complementary therapy, Reiki, is proposed for the treatment of physical, emotional, mental and spiritual diseases. Reiki is a form of energy work that can be extremely supportive. It is similar to laying on of hands. In a Reiki session, you remain clothed and rest in a quiet space while the practitioner's skillful hands transmit energy to you. Many people have found Reiki to be beneficial in aligning the body's energy to create a sense of harmony.

Reiki sessions are offered every Monday morning at 9 am
in the Breast Center library.
Please call Pati at 279-9523 to schedule your appointment.
Sessions cost \$50 and are 60 minutes.
